SCHOOL BONDS TO BE VOTED ON NEXT FRIDAY, SEPT. 26TH

Crowded Condition At Local Schools Calls For Action

On Friday, September 26, a bond election will be held to obtain approval from the citizens for the issuance of \$348,000 of bonds, the proceeds to be used in the building of additional elementary school facilities. As explained in previous articles on this subject the condition of crowding in our schools has gone beyond the point of being critical. It is most urgent that we provide additional school facilities immediately.

The amount of bonds we are voting is the maximum permitted under the law, and the proceeds from these bonds will not be enough to take care of half of our imperative needs, to say nothing of providing for the near future. The Woodrow Wilson Primary and Elementary schools are now so crowded that the advanced grades must be transported to the Crocker School by bus. Garden Village and Broadmoor have no school facilities in their immediate vicinity, that is to say within a safe distance for small children to travel. They are required to come over to the Jefferson School. The population of these two districts will shortly overcrowd the Jefferson School.

The proceeds of this bond election is but sufficient to take care of the proposed improvements at the Woodrow Wilson site. If all of it were used to take care of the requirements on the other side of Junipero Serra boulevard it would still not be enough. There is one ray of hope in that if we approve these bonds, thereby bonding and taxing ourselves to the limit permitted by law, we will be eligible for State aid. The School Board has already informally applied for this aid, and as soon as the bonds are approved a formal application will be made and it is hoped that action will be favorable. Just how much the State will allot to us we cannot say, but in order to take care of our immediate requirements we will need to obtain approximately \$615,000 from the State in order to take care of Woodrow Wilson and Broadmoor needs. If we can provide schools in these two congested centers of population we will relieve the pressure from the Jefferson and Crocker Schools such that the facilities there provided will be adequate to take care of the increasing population in the areas served by these schools.

However, before we can take care of any of our urgent needs it will be necessary for the citizens to approve this bond issue. We urge you, therefore, to get out and vote and do all you can to encourage your neighbor to vote "YES" on this bond issue.

City Employees Fete Mrs. O'Rourke At Farewell Party

Twenty-five years of faithful service with the City of Daly City earned for Mrs. Jean O'Rourke, retired head librarian of Daly City Library, a farewell dinner in her honor Friday evening, September 12. The affair, held at Ric's Place in Colma, was given by the Daly City Employees' association.

The evening started with the introduction of Arthur J. Bodien, master of ceremonies, by James Welsh, president of the association. As the evening progressed A. Gonnella favored those present with accordion music. Dave Cafferata and Elmer Kennedy followed with a few musical solos in "Off Key," which put everyone in the community singing spirit.

During the course of the evening Mrs. O'Rourke was presented with a lovely gold watch, an orchid and a card from the association, a way of expressing appreciation

Judge Sentences Youth To Jail

John Zraggen, 18 year old Colma youth, was given a hundred days suspended sentence, put on probation for two years, and sentenced to five days in jail, by Judge Francis W. Murphy in the San Mateo Municipal Court on Friday, September 12.

The youth was charged with reckless driving, speeding and driving without lights, and hit and run driving, when he was involved in an accident on Bayshore Highway, September 2.

A. J. Gaggero To Head Com. Chest Drive In Daly City

The San Mateo County Community Chest swung into the final phases of preparation this week for its fund raising campaign, which will start October 6. The total amount to be raised is \$201,000, one of the largest budgets in its history.

In its efforts to raise this sum, the Community Chest named forty chairmen and co-chairmen who will aid in enrolling over 2,000 volunteer workers.

Plans are now being completed for a mammoth, stirring "kick-off" rally to be held Monday evening, September 29, in the Burlingame High School. Prominent speakers, a "surprise" notable, a special radio broadcast from the auditorium over KSMQ, 1550, and the presence of Peninsula civic leaders will be the highlights of the rally.

Another unique feature of this year's drive will be the "Community Chest Sunday" to be held on September 28 in all the churches in the community. On this day, ministers of all denominations will bring the appeal of the Community Chest to their congregations.

Named to head the drive in this area was A. J. Gaggero.

Armed Stranger Threatens Local Man With Gun

While working on his car in front of his house last Thursday evening, Edward Blackstone of 5 Bismark street, and his brother-in-law, Richard Olinger, of the same address, were confronted by an unknown man brandishing a gun.

Addressing Blackstone, the man ordered him to "bend your head down because I'm going to let you have it." Feeling that the would be assailant was either drunk or insane, Blackstone attempted to talk to him. "You feel sorry for me, don't you?" was the stranger's reply. At this point an approaching automobile evidently frightened the man, as he turned and fled down the street.

Blackstone described the man as being six feet tall, weighing about 180 pounds, approximately 26 years old, and wearing a striped beige sport coat with dark slacks. The gun he carried appeared to be a .32 caliber automatic pistol.

Although the police were summoned and a search was made of the surrounding neighborhood, no trace was found of a man filling this description.

and recognition of her faithful service.

Attending the dinner were Mesdames Evelyn Mosman, Marce Trier, and Dollie Jackson; Misses Mary Wrinkle and Muriel Mooney; Messrs. Ed Heim, Dave Cafferata, A. Gonnella, George Hopman, Ed Beecher, William Sunderland, Elmer Kennedy, James Welsh, Roy Beecher, Dave Johnstone, Ricco Benedetti, Ed Olson, A. Silicani, E. Smith, William Bolger, and A. J. Bodien.

Formal Dedication Of O.L.P.H. School Sunday, Sept. 21st

Formal dedication of the beautiful and spacious Our Lady of Perpetual Help school will take place Sunday, September 21. The public exercises will commence at 3 p. m. and everyone is invited to attend.

Archbishop John J. Mitty of San Francisco will preside and music will be provided by the Priests Choir of the Archdiocese.

Following is the program for the afternoon:

1. Procession into the church from the Rectory.
2. Singing of "Veni Creator Spiritus" and orations in the church.
3. Procession to front door of the new school.
4. Blessing of exterior of school building.
5. Solemn erection of crucifix in principal room of school.
6. Blessing of Flag.
7. Speaker.
8. Solemn Benediction.

Just Got Behind The Eight Ball On This Article

In last week's issue of the Record it seems that our reporter, who was just about on the way to take a position as a teacher, "Got Behind the Eight Ball," so to speak.

Anyhow, the article covering an automobile accident got badly scrambled in the writing. It seems that it was Howard S. Phillips who backed out of his garage and struck the car of F. Giuffra instead of being the other way around.

It was stated that property damage amounted to approximately \$120.

Jeff Hi Offers Evening Classes In Auto Work

Evening classes in auto mechanics will be started at Jefferson Union High School on September 23. Classes will be open from 7 to 9 o'clock each Tuesday and Thursday evening.

These classes are available to all residents of the district and those desiring to enroll may do so at the auto shop.

Sherman McMillan is the instructor and comes to Jefferson well prepared by training and experience. A full enrollment is expected in this always popular class.

Traffic Violators Numbering 110 Are Fined At Court

Traffic violations and the ensuing penalties rose to a new high in Daly City during the past week. In traffic court on Friday, September 12, Judge William J. Sweeney arraigned and fined 110 people for various offenses.

Speeding violations accounted for almost fifty per cent of the total. Three people were fined \$10 each, eight others paid fines of \$7.50, 37 paid \$5 fines, and the others drew smaller penalties of \$2.50 each.

Parking irregularities, including overtime parking, overnight parking, and improper parking comprised approximately forty per cent of the offenses. Fines of \$1.50 and \$1 were meted out to 41 persons on these charges.

Failing to stop at the arterial stop signs cost three people \$2 each, and passing stop signals cost \$2.50 each to eight others.

Several other offenses involving the hill hold regulation, driving without brakes, and making an indirect turn were committed by several other people.

EIGHT HUNDRED NOW ENROLLED AT JEFFERSON UNION HIGH SCHOOL

GRAND OFFICERS TO VISIT DRUIDS

Grand Archdruidess Fern Davis will make her official visit to Cypress Circle No. 14, UAOD, on Wednesday evening, September 24. The visit will be held in the Community Center, Dunks street, Colma. The district deputy and drill team will be in charge of the evening.

The whist party scheduled for that night will be postponed until next month.

Ericksons Return From Six Months Tour Of Europe

Mr. and Mrs. Fritz Erickson and their daughter Sonja returned recently from an interesting six-month tour abroad, where they found that Norway, in spite of five years of German occupation, was suffering much less than many other European countries. Erickson stated that conditions on the whole appeared to be good, and that there seemed to be no scarcity of food and clothing.

Upon the advice of his physician to take a long sea voyage, Mr. Erickson, manager of the Daly City branch of the Bank of America, sailed from San Francisco last April 25 with his wife and daughter. Their shipboard trip, lasting five weeks, took them through the Panama Canal to the West Indies and to Belgium and finally to Sweden.

In Sweden they picked up their car, which had been shipped over, and motored through that country and into Norway, where they remained three months. Although the conditions were generally good in that country, there is a definite uncertainty throughout Europe, pending actions on the part of the United States.

On their return trip, the Ericksons visited England and sailed from there on the Cunard White Star liner "Queen Mary," arriving in New York Tuesday, September 9. They completed the remainder of the homeward trip by train.

Although the trip was very pleasant and interesting, the Ericksons expressed their gladness on being home in the United States. Mr. Erickson is feeling much better and intends returning to the bank within a few days.

Work Progresses On Booths For The O.L.P.H. Carnival

There seems to be a lot of hammering and activity going on in the auditorium of O.L.P.H. school and if you were curious enough to peek in you might find John Muller, Bob White, Al Belair, L. Warchot and Joe Korhummel busy at work building booths for the Carnival which will be held September 26, 27 and 28 to celebrate the opening and dedication of the new school.

Over in the building behind the church, partitions are being ripped out, lights strung and decoration in general going on under the capable direction of Mrs. Valletta Ennis. This is the location generally called the "Kiddie Korner" where the junior carnival will hold sway. It the youngsters do not have the time of their lives it will certainly not be the fault of this committee as they have left nothing undone to see that Junior has fun.

On Friday evening, September 26, the doors to the Carnival will be officially opened and, as a starter, there will be an evening of entertainment. A cordial invitation to attend this three-day fun festival is extended to the public.

An enrollment of eight hundred at Jefferson Union High School has caused some classes to become too large. An additional teacher has been employed to relieve the congestion in English and mathematics classes.

The new member of the faculty is Miss Jeanette Smoyer of Santa Rosa. Miss Smoyer taught for several years before entering the American Red Cross, with whom she served in Europe.

Shop classes at the local high school are full and the expected completion of one or two new shops during the year will solve this problem.

Mr. King Stevens, the new instructor of music, is enthusiastic about the prospects for a good department. "There's a wealth of material here," said Stevens. "It will take two or three years to develop our band but the material is here with which we can build a good organization."

Mechanical drawing, art, crafts, and photography classes are all full. Spanish continues to be the most popular foreign language with Latin and German also being taught. Italian has been dropped due to lack of enrollment.

A new class in "Remedial Reading" has been started with Mrs. Kramer as the instructor. This class proposes to correct faulty reading habits. Mrs. Kramer has had special training in this work.

The faculty is now composed of 35 teachers in addition to the district superintendent.

High School Gym Broken Into And Robbed Last Fri.

The Jefferson Union High School gymnasium was the scene of a robbery and an attempted safe-break after school closed last Friday, September 12. A small amount of cash and several pieces of jewelry were all that the thief netted himself.

Miss Juanita Young, of 86 West Moltke street, physical education instructor of the school, notified the Daly City police on Monday, September 15, that someone had entered the gymnasium office and looted the cash register and had tried unsuccessfully to force the safe open. The time of the robbery was placed between the hours of 10 p. m. Friday and 8 p. m. Saturday morning.

The safe, although unopened, showed scars and marks made by a small bar or chisel. After a complete search of the building and the surrounding locale no instrument resembling either was found.

The small loot taken from the cash register included 75 cents, a signet ring, an anklet chain, a bracelet, and several keys to the school. As yet there has been no clue as to the identity of the intruder.

Man Is Blinded By Explosion Of Beer Bottle

The explosion of a quart bottle of beer in the face of James S. Dowling, 23, of 815 Humboldt street, San Mateo, caused him to suffer head injuries and may cost him the sight of one eye.

This freak accident happened while Dowling was watching the unloading of cases of beer on the sidewalk in front of the liquor store, in which he is a partner, on San Mateo avenue in San Bruno.

He was taken to a private doctor, and was said to be in a serious condition as a result of the head injuries and cuts about the one eye. The doctor feared that he might lose the sight of the eye.

THE EGG AND US

The egg situation in the United States is badly scrambled. In warehouses there are about 160 million dozen surplus eggs and the number is increasing. In the retail stores supplies of eggs are low and getting lower while prices are high and going higher.

Sounds crazy, doesn't it? Well, it is. But Uncle Sam can get into more crazy situations than the Marx brothers. The difference is, the Marx brothers get paid for being crazy but Uncle—oh, my!

It all started when Congress passed a law guaranteeing support of farm prices for two years after the war. The idea seemed good since it was intended to encourage farmers to grow more food. But when the hens heard about it they began to "give out" in a big way to show their appreciation. Result: eggs by the billions. Meantime, farm operation costs (feed, etc.) were "V-2-ing" into the stratosphere taking egg prices with them. With prices so high farmers frequently couldn't sell them—that is, to anybody but Uncle.

So, now the "Old Man" is sitting on the biggest egg surplus in history. The law says he can't sell 'em cheap and can't give 'em away. What he needs is an "eggs-pert" to solve the problem.

DRAFT EISENHOWER?

Professional politicians are paying increased attention to General Dwight Eisenhower as a possible GOP nominee for the presidency in 1948.

No one knows whether or not he is a Republican since military men of his rank have to keep their political sentiments pretty well buried. But "Ike" is from Kansas—probably the strongest Republican state in the Nation—and his brothers are Republicans. This doesn't prove anything in regard to him but indicates that he would be more likely to lean toward the GOP than toward the Democratic Party.

If General Eisenhower turned out to be a Democrat he would be a tremendous asset to them as the vice-presidential nominee. But it is generally acknowledged that he is too powerful a figure to play second fiddle in either party.

As for the general, himself, he disavows any presidential aspirations. However, Roy Roberts of the Kansas City Star put it this way: "If, for the first time in history, there was an honest-to-God draft that came from the people without conniving and intrigue, the general would accept."

KEEP TRYING

One thing that must be said of Henry Kaiser is that he never stops trying. A few months ago, with the backing of Western businessmen, he asked the Reconstruction Finance Corporation for an \$85 million adjustment in the top heavy financial structure of the Fontana steel plant. This adjustment, he points out, was requested not as a favor to himself or to his company but as a means of bringing the Government's treatment of Fontana into line with that of the Geneva steel mills which were sold to U. S. Steel for 20 cents on the dollar.

However, his request was turned down. Undaunted, Mr. Kaiser is now asking for a lesser adjustment of \$34½ million, the estimated excessive war costs in the capital structure. Under this new plan, if approved by the RFC, Kaiser would seek to raise \$80 million in private capital to increase Fontana's productive capacity by about two thirds. It is to be hoped that the RFC will grant this new request not for Kaiser's benefit but for the benefit of the entire West. Certain it is that until some reasonable financial adjustment is made on Fontana its existence will be precarious and will cast a shadow over the whole industrial future of the West.

BAD PREDICTIONS

This comment is somewhat tardy in that it concerns the long week-end summer holidays, but we think it should be made anyway. Almost invariably when one of these holidays approaches, statistical predictions are made as to the number of persons who will be killed in traffic accidents during that period. Now these predictions, of course, are intended to warn drivers to take it easy and keep the number of accidents to a minimum. But they don't have that effect. If anything, they give too many motorists the feeling that a certain number of accidents and deaths are bound to occur regardless of all efforts to prevent them. Not long ago a large insurance company, in stressing the importance of observing safety rules, made this statement: "With the full cooperation of drivers and pedestrians, there need be no traffic fatalities at all this week end!" Our guess is that if more such constructive appeals as this were made instead of totaling the deaths before they occur, there would be fewer accidents.

Girl Scouts Hold Fall Round-up Last Friday, Sept. 12th

The Girl Scout fall round-up was held last Friday, September 12, at Marchbank Park. Ninety-three Girl Scouts, leaders, council and committee members were there to start the year off with fun and friendliness.

There were games led by Mrs. Helen Gould, executive director. Welcome by Mrs. Stella Jensen, commissioner, and introduction of camp stamp saving fund by Mrs. Cora Oberg, camp director.

After the lunches were eaten everyone gathered for a community sing of camp songs learned during the summer.

One girl from each age group gave a brief report on camp activities they had enjoyed during the camping season.

The evening closed with a good-night circle and song.

Everyone congratulated Mrs. Emma O'Keefe, program chairman; Mrs. Dorothy Kramer, president of leaders' association, and Mrs. Angie Thur, committee member on the splendid arrangements of the program.

A meeting of the Girl Scout committee members was held at the home of Mrs. Angie Thur, 181 Hillside boulevard, to make plans for introducing the camp stamp saving fund to the parents and troops.

Mrs. Cora Oberg, camp director, has arranged for stamps to be sold at troop meetings. These stamps will be sold and taken care of by Mrs. Thur, chairman of the committee.

By the time camping season comes around again the girls will have saved enough to cover camping expenses. All of the parents at the meeting were very much in favor of this plan.

Those attending were Mrs. Cora Oberg, Mrs. Dorothy Kramer, Mrs. Elsie Hesselein, Mrs. Freida Cady, Mrs. William Shreve, Mrs. E. Duckring, Mrs. D. McInerney.

New Son Arrives At B. Janssen Home

On Monday, September 1, at 10:03 a. m. a boy was born to Mr. and Mrs. Bernard Janssen, 210a Golden Gate avenue, and formerly of Daly City. The boy, named Barry, was born in Children's hospital and tipped the scales at 7 pounds 13 ounces.

Maternal grandparents are Mr. and Mrs. G. Wagner, of St. Louis, Missouri. Paternal grandparents are Mr. and Mrs. Ben Janssen, 63 Woodrow street.

Mrs. Wagner arrived from St. Louis Sunday to visit with her daughter.

RETURNS TO L.A. FOLLOWING VISIT

Mrs. Abba J. Ailor of Chicago, who has been visiting at the home of her daughter, Mrs. T. E. Jackson, 173 Templeton avenue, left for her home on Tuesday, September 2, going by bus to Los Angeles to visit her niece, Mrs. J. A. Danskin.

O.L.P.H. Mothers Club Social Meeting Held In School Library

The first meeting and social of the new term was held by the Mothers' club of Our Lady of Perpetual Help school in the library of the new school on Friday evening, September 12.

Among the large attendance were the first officers of the club, which was organized September 12, 1939, and also many of the charter members.

Engagement Is Announced At Surprise Party

Soon to join the ranks of newly-weds is Miss Carmela Valletta, of 301 Evergreen avenue, whose engagement to Leo Massoni of Colma was made known at a surprise engagement party given by Mr. and Mrs. C. Massoni on Sunday, September 14.

A horseshoe effect with sprays of pink sweetheart roses along the edge of the table made up the table arrangements. Following the dinner, Gino Massoni, brother of the future bridegroom, placed a cake in front of the bride-to-be. In the midst of one of the roses in the center was the engagement ring—and a beautiful one, too. Then Evelyn Massoni presented her with a corsage of pink sweetheart roses.

The dinner was attended by Mr. and Mrs. Antonio Valletta and daughter Josephine, Mr. and Mrs. Dominick Valletta, Mr. and Mrs. Louis Valletta and daughter Susan Margaret, Mr. and Mrs. John Spittler, Mr. and Mrs. Malatesto and family, Mr. and Mrs. Arthur Barlesi and son Terry.

That evening a buffet supper was served.

No definite date has been set for the wedding.

Surprise Bridal Shower Given For Dolores Schmidt

Miss Barbara Fellman of 11 Bismark street, Daly City, was hostess at a surprise bridal shower on Thursday evening, September 11, for Miss Dolores Schmidt, daughter of Mr. and Mrs. Tor Schmidt, of South San Francisco.

Decorations on the table were carried out in pink and white. Favors were miniature old-fashioned bouquets. The cake which centered the table was decorated with "Good Luck Dolores."

Those present for the evening were Mesdames Mary Fellman, Janet Fellman, Wilma Schmidt, Thelma Horkey, Theresa Langford, Virginia Rodondi.

Misses June Ann Schmidt, Leona Fellman, Wilma Schmidt, Barbara Fellman, Mary Olcese, Verna Morasco, Elizabeth Pfeiffer, Dolores Schmidt, honoree.

Dolores will meet Joseph Garcia at the altar of All Souls church, South San Francisco, on Sunday, September 28, at 4 o'clock. A reception will follow at the Colma Community Center building on Dunks street.

Surprise Shower Given Saturday For Beatrice Bordson

Miss Beatrice Bordson, bride-elect of Tom Thimis, was the surprised honoree at a miscellaneous bridal shower given at the home of Mrs. Tom Thimis Saturday evening, September 13. The wedding will take place on Saturday evening, October 4, at 6 o'clock at the benezer-Lutheran church, Dolores street 15th.

The basement of the Thimis home was literally showered with streamers in all colors of the rainbow. The walls were trimmed with colored spring flowers and butterflies sprinkled with silver. The table looked even lovelier with a centerpiece of a bride placed beneath an arbor of yellow and white trimmings with two huge umbrellas on either side. In front of the bride was a large silver ring. Favors were yellow baskets and matching miniature yellow and white umbrellas. All decorating was capably and beautifully done by Mrs. Thimis herself.

Refreshments served buffet style consisted of potato salad, macaroni salad, sandwiches, pickles and olives, potato chips, a variety of cakes, and coffee.

The latter part of the evening was spent in dancing.

The evening's guests were Mesdames Dorothy Grossman, Grace Perata, Eileen Giomi, Barbara Gaudio, Rose Perada, Grace Perada, Susie Perada, Agnes Noli, Pat Schultz, Eileen Selmi, May Perada, Carmella Spoulos, Madelyn Brieseno, Dee Gama, Mary Giomi, Betty Anderson, Elena Olivero, Sperry Lari, Madelyn Ford, Rita Gurtisburg, Ida Beecher, Ann Peterson, Laura Beecher, Rena Beecher, Doty McKay, Dorothy Selmi, Jean Selmi, Ruth Tiedeman, Juanita Fairchild, Olga Bordson.

Misses Barbara Ford, Mary Thimis, Barbara Bordson, Jackie Cuneo, Dolores Rossett, Verna Moresco, and Estelle Giomi.

Others bidden were Mesdames Kay Guaraldi, Eileen Musil, Bea Lynch, Carmella Guaraldi, and Miss Doris Vernengo.

Miss Bordson is the daughter of Mr. and Mrs. Pete Bordson, 614 Templeton avenue. The bridegroom, Tom Thimis, is the son of Mr. and Mrs. Tom Thimis, 7 Parkview avenue.

Perk Up Salad

A quick and clever trick to add zest to a salad is to vary the greens. Head lettuce is the accepted green, but others are more colorful and richer in vitamin A. Among these are curly endive, romaine, and watercress. Even tender green spinach leaves make a color and flavor addition to a mixed green salad. For further variety the small new leaves of broccoli and cauliflower may be shredded and added.

Effects of Lime

Lime "sweetens" the land as it helps phosphates, nitrogen, potash and other nutrients to do their work of building up the soil. Improving the soil improves the quality of the food and feed it produces. Forage production, for example, has been reported to have increased 57 per cent from the application of limestone and triple superphosphate. At the same time, the protein content of the forage increased more than 40 per cent.

Quake Waves

Waves caused by undersea quakes are perhaps most frequent in the region of the Peru-Chile junction of the South American coast, where ports are battered and the start of earth tremors is a signal for residents to take to the hills. A strong ebb tide precedes each big wave, and the wave oscillations last for hours or even days. In 1868, the heaviest recorded undersea quake of this region created a wave that lifted a United States vessel and deposited it gently on shore nearly half a mile inland.

Our Grand Canyon

Northern Arizona's Grand Canyon is 217 miles long and from 4 to 18 miles wide. The canyon averages a mile in depth and represents six of the seven climatic belts, varying from desert Mexico at the bottom of the chasm to the Arctic-Alpine region at the top. Erosion by the twisting Colorado river formed this great natural wonder.

SURPRISE SHOWER FOR MRS. RIGLER AT LEHIGH HOME

The Lehigh home at 563 Crocker avenue was the scene of a surprise cradle shower for Mrs. Lenore Rigler, of Brisbane. The affair held Tuesday evening, September 26, was given by Miss Anita Lehigh and Mrs. Norma Rigler.

Delicious buffet refreshments of chicken turnovers, cake and coffee were served to the following guests: Mesdames Mabel Ross, Marie Rigler, Norma Rigler, Gertrude Rich, Molly Woods, Metha McDavid, Betty Janssen, Mary Baird, Allene Lehigh, Diane Dawe, Lois Capps, Dolores Van Kirk.

Misses Anita Lehigh, Verna Moresco, Beatrice Bordson, Alice D'Isep, Louise Ross and Laura Ross.

Seafaring Nation

Behind the story of Norway's seagoing bent lie the influencing factors of geography. With an area only a little larger than that of New Mexico, this country has a jagged, fjord-cut coastline of more than 12,000 miles. Most of its people live on or near the coast. A northern climate and mountain-crumpled surface discourage large-scale farming. Norway's seafaring warriors and explorers have made history from the time of the Vikings. The development and expansion of the merchant marine, however, came only after the 18th century.

APPEAL FOR FUNDS TO SAVE CABLE CARS HERE

A public appeal to all San Francisco neighborhoods for donations which can be auctioned off for the citizens committee to save the cable cars comes from Scotty Butterworth, probation officer of the juvenile court, who will conduct the auction at Fisherman's Wharf Fiesta, September 27.

Proceeds from the public auction will be given to two causes — the cable car committee which is seeking funds for its pre-November election campaign and the charity program with which Butterworth is associated — the Log Cabin Ranch School for boys in La Honda.

"Everything from a radio to a dozen pair of nylons will be most welcome," said Butterworth in his appeal. He suggested donors call the cable car office, 830 Market street, YUkon 6-3736, which will accept donations from now until the auction.

Keep Vent Caps Tight

"Failure to replace the vent caps on the battery cells to assure absolute tightness is responsible for much loss of water," states L. G. Evans, general service manager for National Automobile Club. "Some filling station attendants are inclined to be careless in this respect. It pays to check now and then."

Housing For U.C. Students Adequate

All single men on the Berkeley campus of the University of California can be housed this term, rooms for single women are still available but dwindling in supply, accommodations for married veterans have thus far been provided, but housing for the married non-veteran and for faculty and administrative staff members is critical.

Calls on the University housing bureau have averaged over 300 a day since the first of the month, according to Mrs. Ruth Donnelly, supervisor of the bureau.

Men students can all be taken care of in the University dormitories in the Richmond housing area, and there are still rooms for single women in private homes. At present married veterans are being housed in wartime housing developments through the cooperation of the Richmond Housing Authority.

Spotted Shower Curtain

To remove mildew from a shower curtain, wash it in hot suds, then moisten the spots with lemon juice and salt, and hang the curtain in the sun to dry.

Giant Engines

"Dry land sailors" who never go to sea thoroughly test giant 28-ton marine steam engines which are so huge railroad tunnels must be avoided when they are transported by train.

New Arrivals

To the wife of Charles Aiello, 3241 San Jose avenue, September 10, a daughter.

To the wife of Richard I. Buckles, 416 Santa Barbara avenue, August 29, a son.

To the wife of Michael L. Ciardella, Colma, August 2, a son.

To the wife of James J. Crudo, 65 Theta avenue, September 9, a son.

To the wife of Frederick Matthews, 460 Irvington street, September 1, a daughter.

To the wife of Louis V. Perrin, 2 Vista Grande avenue, September 7, a son.

To the wife of Henry Reyna, 160 Bruno avenue, September 9, a son.

To the wife of Carl H. Riesen, 45 Broadmoor drive, September 5, a daughter.

To the wife of John Thur, 262 Los Olivos avenue, September 10, a daughter.

To the wife of Bruce L. Wise, 6276 Mission street, August 6, a son.

To the wife of Alfred F. Lagomarsino, Colma, September 7, a daughter.

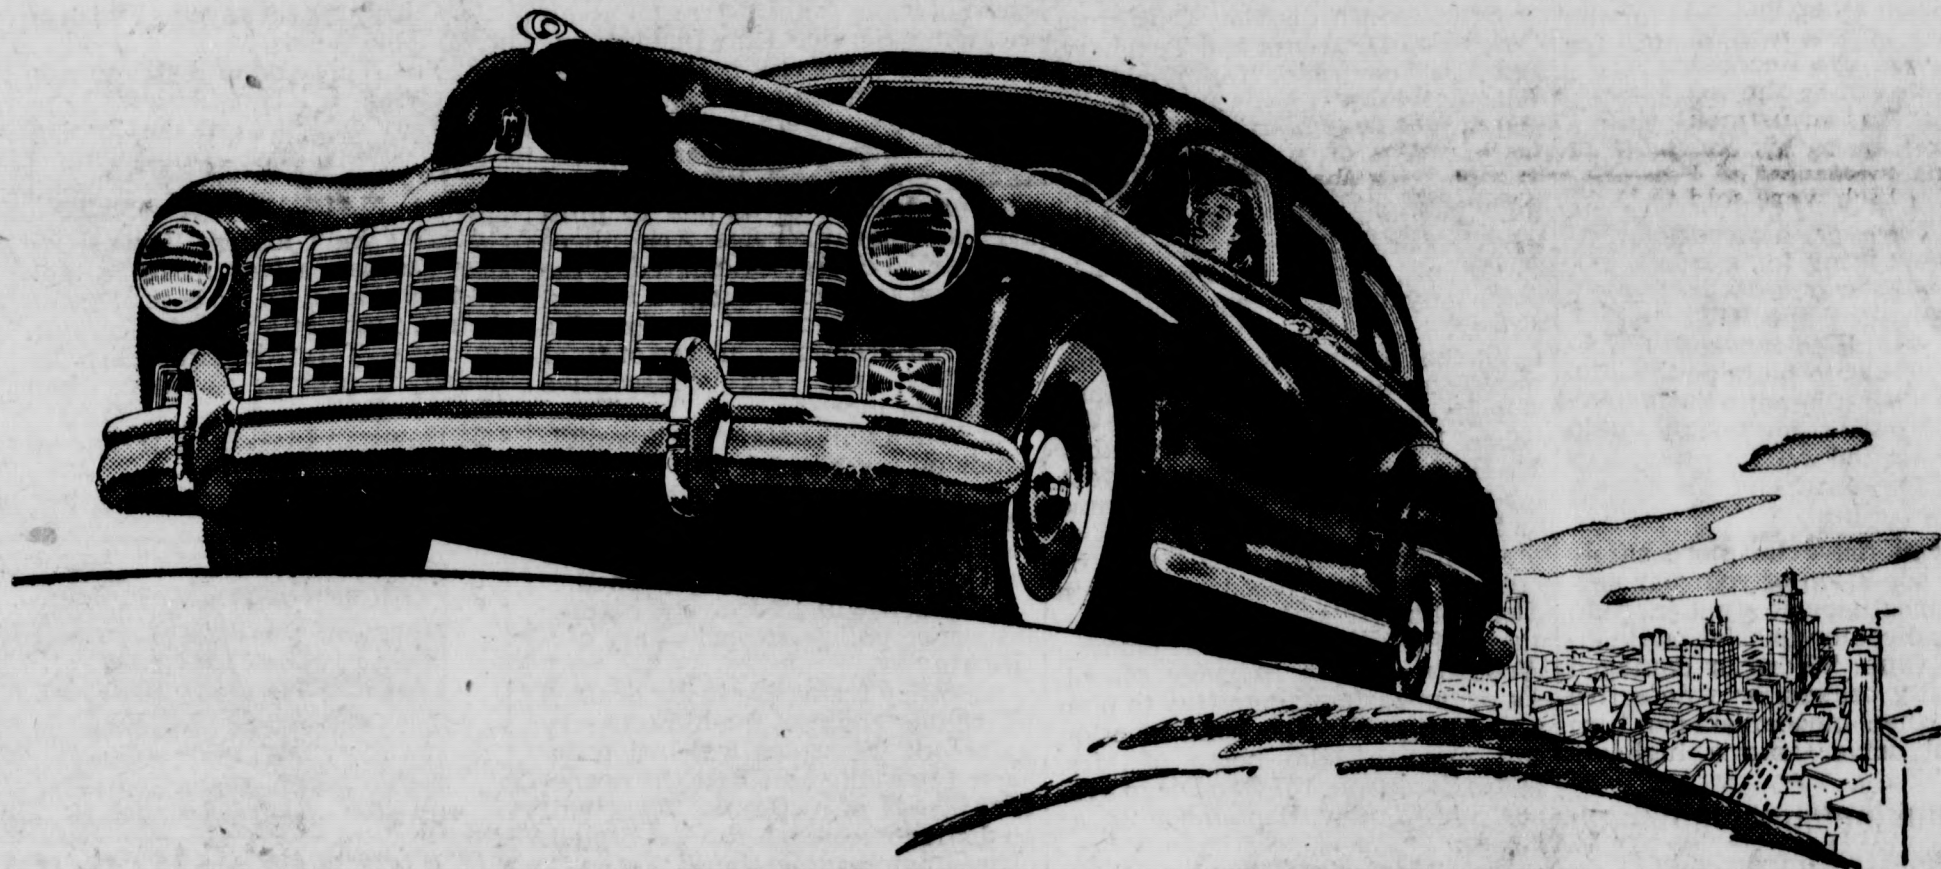

To the wife of Charles R. Leng jr., 354 Woodrow street, September 8, a daughter.

Cooking Hint

Set your casserole or fruit pie pan in a larger pie pan or cookie sheet before placing it in the oven. If its contents spill over in baking they will land in the pan, which is much easier to clean than the oven.

Jeff High P.T.A. Hears Speaker On Com. Chest Drive

The regular meeting of the Jefferson Union High School P.T.A. was held Thursday, September 11, in the Little Theatre at the high school, Mrs. Eve Hobbs presiding. The pledge of allegiance to the flag was led by Mrs. Mildred McGeein, and the prayer was read by Mrs. Tina Hollingsworth.

Edward Foley, representative from the Red Cross, addressed the meeting in regard to the Community Chest Drive. He emphasized the growing need of blood to be donated to the County Blood Bank, as well as money donations to the drive.

Stanford Hannah spoke briefly regarding the first days of the new term and welcomed the members for the fall term.

The budget for the year was read and adopted.

A letter was read from Mrs. Mae Eder, counselor for the unit, congratulating Mrs. Hobbs for assuming presidency of the unit, and promising her support for the coming year. A letter was also read from Mrs. Edith Ferguson advising the members that she is now living in Pasadena and would welcome a visit from any of her friends when in that city.

On November 21 the rummage sale and bazaar for the benefit of the high school unit will be held at Masonic hall.

A name for the sewing group was proposed and adopted — "The Nimble Thimble Club." The next regular meeting of the unit will be the combined night meeting, "Fathers' Night," in October, with Bayshore, Brisbane, Colma, Woodrow Wilson, Crocker, General Pershing, Rockaway Beach, Sharp Park, and Jefferson Union High School P.T.A. units participating.

Mrs. Eve Hobbs, president, and Mrs. Mildred McGeein, program chairman, will hold a meeting at 2 p. m. September 19 at 8 Risel street, at which time all presidents and program chairmen are asked to be present to make plans for the program and refreshments for "Fathers' Night."

At the close of the meeting Mrs. Julia Peterson and Mrs. Lillian Thomey served home-made cake and coffee to all members present.

Fishing Good

Striped bass fishing was good last week in Carquinez Straits, Contra Costa county, according to the National Automobile Club. Fishing for the stripers was generally improved all over San Pablo Bay.

Safe Driving

"You can drive no more safely than the condition of your car permits," warns Bert Stewart Jr., public safety director for National Automobile Club. "Worn or damaged tires, faulty brakes, or a defective steering wheel mechanism can turn a careful driver into a highway menace."

Woodrow Wilson P. T. A. Hold First Regular Meeting

Woodrow Wilson PTA held its first regular meeting of the season at the school on Tuesday, September 16, at 2 o'clock.

The budget was read and will be presented to the membership for acceptance at the next regular meeting of the unit. Programs for the year were distributed to all members present.

Speaker of the day was Mrs. Edward Styskal, first vice-president of Seventeenth district, California Congress of Parents and Teachers, and unit counselor for Woodrow Wilson, whose topic was "Policies and Procedures for PTA." She explained that PTA is non-partisan but not non-political, in the sense that they can and should back certain legislation for better school conditions, but they cannot endorse any party or candidate for office.

Vincent J. Murphy of the citizens committee of Jefferson Elementary School district spoke about the School Bond election on September 26. He urged every person to vote for the bonds to help relieve some of the congestion in the schools of the district. These bonds will be used to replace Woodrow Wilson Elementary school with more adequate facilities also to enlarge Woodrow Wilson Primary school. An organization committee to plan a campaign for the bond election will meet at the home of Mrs. Marie Sorenson, 151 San Diego avenue, on Monday, September 22, at 1 p. m.

Mrs. Marjorie Ochander, director of the Mothersingers of Jefferson District, presented a choral group, consisting of Mesdames Lee Stura, Carol Freeland, Marie Miller, Frances Haussler, Freida Cady, and Lena Banfield in the selection "Florians Song" by Florian and Godard. The group was accompanied by Mrs. Ethel Grey at the piano. Two solos were sung by Carol Freeland, "Beautiful Dreamer" by Stephen Foster and "Sylvia" by Oley Speaks.

The Mothersingers meet every Wednesday morning at 9:30 at 42 Parkview avenue and new members will be more than welcome.

Miss Eleanor Jancovich's high fourth grade won the PTA Banner for the month.

Other visitors at the meeting included Mrs. Frances Nenstiel, president of General Pershing PTA; Carol Freeland, vice-president of General Pershing, and Frances Haussler, president of Crocker PTA.

Mrs. Marie Miller, president of Woodrow Wilson PTA, and Mrs. Gertrude Heatt, adult education chairman, attended the 17th district meeting, held on Thursday, September 18, at the Burlingame First Methodist church. Mrs. March F. Jones, college service and parent teacher instructor, was the main speaker at this meeting.

Child Shoe Comfort

A child's shoes should not be re-soled for further wear unless they are ½ inch longer and ¼ inch wider than the child's feet.

News Column For Veterans

The deadline for veterans of World War II to reinstate their lapsed G.I. term insurance with a comparative health statement is December 31, 1947.

A "comparative health statement" is a simple statement over the veteran's signature to the effect that his health is as good now as when he allowed his term insurance to lapse. This statement, plus two monthly premiums, is all that is needed for reinstatement.

Following are answers to the questions most frequently asked the Veterans Administration about National Service Life Insurance:

Q. How can a G.I. policy offer so many advantages for so low a premium?

A. Because the Government assumes all costs of administration and of extra hazards due to military and naval service. Also, there is no extra charge calculated in the premium for those engaged in hazardous occupations, or for the waiver of premiums in case of total disability for six consecutive months or more.

Q. When will I start getting dividends on my NSLI?

A. Dividends will be paid as soon as the administrative work of determining the amount due each participant can be accomplished.

Q. When will I receive a regular insurance policy instead of my certificate?

A. Policy forms are being drafted to include changes made necessary by recent insurance legislation designed to make NSLI fit the peacetime needs of veterans. They will be distributed when the VA branch offices can handle the extra work without interfering with their primary purpose of giving service to those who are keeping their insurance in force.

Q. Why do I have to pay two

monthly premiums when I reinstate my lapsed policy?

A. One premium is for the 31-day grace period following the date of lapse, during which the insurance was continued in force without payment of premium; the other premium is for the current month of the reinstatement.

Q. What is the difference between TERM INSURANCE and CONVERTED INSURANCE?

A. Term insurance provides the same protection for a specified period to the insured's beneficiaries in the event of death, as does converted insurance. However, term insurance accrues no cash, loan or paid-up insurance values, as do the permanent, life and endowment plans.

Q. Can I choose anyone I wish to be my beneficiary?

A. Yes. There is no restriction in your choice of a beneficiary.

Q. Why do I lose all that money I paid on my term policy while I was in the Armed Forces when I convert my insurance?

A. You don't lose it. While your term insurance was in force, you received insurance protection against death at a very low premium rate. Term insurance is intended to provide no more than that.

Q. How can I tell the due date on my premium?

Palisade Glacier

Palisade Glacier, Inyo county, is the largest glacier in the Sierra Nevada and the most southerly in the United States, declares National Automobile Club. This comparatively solid mass of ice is about three miles long, one mile wide, and hundreds of feet deep. Visitors reach this relic of the ice age by a hard seven mile hike from Glacier Lodge near Big Pine.

A. In those cases where regular payments are being made, the date your premium payment is due is shown on each remittance envelope mailed by VA to policyholders. If you are not receiving these envelopes, you will find on your insurance certificate the effective date of your policy. The date of the month on which your insurance is effective is the monthly due date for each premium.

Q. Can I convert my NSLI policy to some of the private companies?

A. No. Your National Service Life Insurance (term plan) is convertible to one or more of the six permanent plans issued by VA. These are ordinary life, 30-payment life, 20-payment life, 20-year endowment, endowment at age 60, and endowment at age 65.

YOUR NATIONAL GUARD DIVISIONS CONTINUE THE OLD TRADITIONS

This is the sixth of an historical series on the Infantry and Armored Divisions of the new National Guard. This series is presented to acquaint you with the organizations which will take their place in the Nation's military establishment with the Regular Army and the Organized Reserve.

31ST INFANTRY DIVISION—The Dixie Division, whose ranks included as many Yankees as it did Southerners during the bitter fighting in the Pacific, once more belongs to the deep South in the new National Guard.

The 155th Infantry of Mississippi, originally organized as the Adams County Militia in 1798, and the 167th Infantry of Alabama, which traces its history to companies organized as early as 1838, are joined in the new 31st Division by a new segment, the 200th Infantry of Alabama.

The 31st Division, as such, went overseas in World War I but was designated as a replacement regiment. The 167th Infantry, however, earned battle streamers for six campaigns as a part of the 42d (Rainbow) Division, continuing the tradition of its predecessor, the 4th Infantry of Alabama, established with the Confederate Army.

The 155th Infantry, which was mobilized as the 1st Mississippi Infantry for the Sabine Campaign in 1806 and the Burr Insurrection in 1807, served in France with the 39th Division in World War II. The glorious history of this outfit is reflected in the battle streamers testifying to action against the Cheeks in the Indian Wars, in Florida and at New Orleans in the War of 1812 and at Monterey and Buena Vista in the Mexican War. It served as the 1st Mississippi Volunteers from 1861 to 1865 in the Confederate Army.

It was in World War II that the Dixie Division won its fame. With the 124th Infantry of Florida, the 155th and 167th went into action almost as soon as they reached the Southwest Pacific area in the spring of 1944. More than 30,000 Japanese were trapped between Aitape and Hollandia the 31st Division's first action, and Wakde was captured soon thereafter.

The reconquest of Morotai was the next mission of the Dixie Division, an accomplishment which gave our forces control of the Halmahera Sea and cut off 20,000 more Japanese troops. The 31st Division maintained the perimeter defense of Morotai for the 13th Air Force for months.

It was on Mindanao, in the Philippines, that the men of the Dixie Division earned the commendation of Lieutenant General Robert Eichelberger, commanding general of the Eighth Army, splitting all Japanese forces in the central part of the island. They pushed 17 miles in a period of three days to recapture the former American air base at Valencia, and five days later the 31st Division paced a nine-division assault to clean out the last major resistance in the Philippines and capture the provincial capital of Malaybalay.

This is the heritage of the 31st Infantry Division which will take its place with other National Guard troops as an integral part of the nation's Security team.

Senator Knowland Spoke At Dinner Party Monday Eve.

At a dinner given in his honor United States Senator William F. Knowland of Oakland spoke briefly on the leading questions of the day. The affair was held at Uncle Tom's Cabin, San Bruno, on Monday evening, September 15.

Speaking extemporaneously before 100 constituents, Senator Knowland touched on the Marshall Plan, the United Nations, Universal Military Training, the efforts of the 80th Congress, and the controversial Taft-Hartley Bill.

Concerning the Marshall Plan Senator Knowland favored its use providing that the nations and peoples of Europe do all in their power to aid themselves.

In speaking of atomic energy the Senator said, "The secret of atomic energy is not a secret that can be locked in a safe deposit box. Within two to seven years other nations will have the secret of the atomic bomb."

Speaking on the United Nations the Senator stated, "We are coming to a time of decision in regard to the United Nations. There are two alternatives; either the Kremlin must realize abuse of the veto power will wreck the United Nations, and change its attitude, or the other nations will realize the United Nations cannot exist with present abuse of the veto and organize a separate United Nations—outside Russia and her satellites."

Host and sponsor for the evening was Joseph L. Sarto of Daly City.

Master of ceremonies was Judge Rudolph Rapsey. Seated at the Senator's table were Mayor Hearne of San Bruno, Superior Judge Aylett R. Cotton of San Mateo, Justice of the Peace John J. Fahey Jr. of Daly City, Assemblyman Rich-

Medical Students Are Apprenticed

Three medical students of the University of California Medical School have completed summer apprenticeships under the guidance of practicing California doctors, in accordance with a plan initiated by Dr. William J. Kerr, professor of medicine.

Dr. Kerr said the purpose of the plan is to give medical students an opportunity to learn first hand the practical operation of private medical practice.

The three students, Richard Barquist, Lawrence Feigenbaum, and William J. Morris, all have completed the third year in the Medical School, with one year remaining.

Morris spent the month of August at the Marysville Clinic, under the instruction of Dr. Philip B. Hoffman, of the clinic staff. Barquist spent a period of apprenticeship under Dr. Max Dunievitz, of Auburn, while Feigenbaum was with Dr. Logan Gray, of San Mateo.

Color Test

To test material for color fastness, fasten a scrap of the test fabric along with the colored trimming to be used, such as ric rac or tape, to a piece of white cloth. Then carefully wash and iron the material. If the white cloth has picked up any color from the fabric or trimming, the fading will be the same when the garment is made.

ard J. Dolwig of South San Francisco, and Harold L. Putman of Burlingame, chairman of the San Mateo county Republican assembly.

Senator Knowland will leave Friday for Washington where he will attend a meeting of the Senate appropriations committee. Next month the committee and Knowland will leave for five weeks in Europe collecting first hand information on the Marshall Plan and the requirements of our army and navy overseas.

Surplus Boats Now On Sale

A long-awaited sale of surplus small boats will be held September 25 and 26, War Assets Administration announced today, but only veterans of World War II and merchant marine who hold signed admittance cards will be permitted to buy.

WAA explained there were only 449 of the small boats, enough to satisfy only a fraction of the total of would-be purchasers. So only veterans who submit self-addressed, stamped envelopes to the WAA office at 33 Berry street, San Francisco 7, by next Monday will be given a chance to buy.

The envelope received will be placed in a hopper and enough of them drawn to insure a sell-out of the 449 boats. Admittance cards then will be mailed in these envelopes along with instructions for inspection.

"This is another sale where it is essential that the veteran inspect before he buys," said Frank Chambers, regional head of veteran sales for WAA. "Many of these boats require major repairs, and nearly all are used. We have divided them into four groups—No. 104, rowboats, dingies, wherries and dories under 16 feet; No. 105, assault boats; No. 106, powered lifeboats and whale boats over 16 feet, and Group No. 107, oar-propelled lifeboats and whale boats over 16 feet. Any veteran may buy one boat in each group, but must submit a separate envelope marked with the group numbers, for each boat wanted."

All 449 boats are priced. There are plywood lifeboats at \$175, or at \$550 with motor. There are whale boats of wood, plywood, and metal, with and without engines, at prices ranging from \$45 (major repairs required) to \$500. A few boats are new. The assault boat group includes 262 items.

Angling For Stripers

Anglers are taking stripers off Port Costa, Contra Costa county, and in the area westward along the Carquinez Straits, reports the National Automobile Club.

Gasoline Stations

There are 242,000 gasoline stations in the United States, according to the National Automobile Club.

Fatal Shooting Remains Mystery To Police And D. A.

The Daly City police and the district attorney's office are still trying to ascertain who fired the gun that killed 82 year old Charles Gustafson last Saturday afternoon in the home of Laurence G. Adams, 40, at 28 Shakespeare street.

At present, Norman White, 14 year old stepson of Adams, is being held in the juvenile home in Redwood City for further questioning regarding his part in the tragedy. Adams had been held until Tuesday, when, after being questioned thoroughly by A. S. Whitmore, chief deputy district attorney, he was released on his promise that he would be available for further questioning at any time in the future. Mrs. Adams was called in and questioned on Monday by Whitmore, who took a statement from her at the time.

The fatal shooting occurred Saturday afternoon while Adams, his wife, and Norman White, her son by a former marriage, were all in the house with Gustafson. Several versions of the actual cause of the death have been related to the police by the involved parties, although no motive has been established.

In a deathbed statement, at the Junipero Serra hospital, Gustafson is quoted as saying, "Adams and his wife had been quarreling. Adams had the kid go and get the gun and bring it to him, and then he took a shot at his wife. It missed her and hit me."

However, Mrs. Adams and her husband described a different scene. She told of buying the gun, a .45 caliber automatic pistol, for her son Norman in the event that he ran into any rattlesnakes when he was out hunting for deer. Norman walked into the kitchen on Saturday with the gun in his pocket and she told him to put it away. The youth began arguing with his mother, and at this point his stepfather, who was repairing the boiler in the kitchen, grabbed for the weapon. In the ensuing struggle for possession of it, the gun was discharged, and the bullet hit Gustafson, who was in the next room, according to the Adams' story.

The complicated family relationships of all the involved parties has presented an oddity in itself. Gustafson had been married to Mrs. Adams earlier in his life, and although divorced from her was living in the house of her present husband, Adams. Norman White is the son of Mrs. Adams by another marriage.

Pictured above are Mr. and Mrs. Joseph Belli, of Colma, whose recent marriage was performed at the Holy Angel's church. The bride is the former Miss Gloria Fontana, daughter of Mr. and Mrs. V. Fontana of Colma.

A reception at the Italian Room of the St. Francis hotel followed the ceremony.

Mosquito Control

Soap has been found to be a control measure for mosquitoes. According to a report by the New Jersey Mosquito Extermination association, soap solutions are used successfully in treating pools and other still water breeding places of mosquitoes. If soap solutions in concentrations of about 1 to 2½ percent are poured on still water, the surface tension of the water is reduced, so that the pupae are unable to maintain their normal floating position and they drown. For the same reason, the egg-laying mosquito cannot be supported on the soap-treated water, and this prevents breeding.

12-Month Appliance Course

Northeastern State college, Tallahassee, Okla., is conducting a 12-month course in electrical appliances, refrigeration and air conditioning.

Live Japanese Mine Found in S. F. Bay

Demolition experts from the U. S. Naval Magazine, Port Chicago, were recently called upon to destroy an unidentified mine which was discovered by a fisherman one mile north of Tennessee Point between Tennessee Cove and Pirate Cove in Marin county.

This was the most recent discovery of a live mine in the Bay Area but not the first. These mines are very dangerous and sometimes explode upon the slightest jar. The Navy has requested that any persons sighting an object that in any way resembles a mine, report it immediately to the 12th Naval District.

The fisherman who discovered the mine, David C. Anderson, was fishing off Pirate Cove when he spotted the mine which he reported as a floating object. First inspection by demolition experts from Port Chicago revealed a resemblance to a buoy, but further investigation resulted in the decision that it was a Japanese mine, probably live and unsafe for further inspection.

The mine was detonated with TNT demolition blocks two days after it was found. It exploded throwing a blast 500 feet into the air, leaving a crater four feet deep and 12 feet in diameter and could be heard over a mile away. It was later estimated that it contained about 300 pounds of explosives. The demolition was under the direction of Bill Mayer, demolition expert at Port Chicago.

18th Century Furniture

Most of the period furniture seen in American homes is what is called "18th century." Decorators call this century the golden age of furniture design because no furniture made before or since has possessed similar grace, intrinsic beauty or gracious charm. For more than 150 years "18th century" furniture has been favored by the English-speaking peoples of the world.

Battery Check

An indicator for electric industrial trucks warns the operator by means of a jeweled ruby light when the battery is approaching discharge. The instrument was developed to insure longer battery life and more dependable truck operation.

Another First President

William Howard Taft was the first President of all 48 states of the union, as New Mexico and Arizona—the 47th and 48th states—were admitted to statehood during his administration.

Bank Of America Launches "Get Acquainted" Drive

Manager F. Erickson of the Daly City branch of Bank of America, announced today that L. M. Giannini, president of the institution, had called on the bank's statewide organization to launch a "Let's Get Better Acquainted" campaign aimed principally in the direction of the three million newcomers who have settled in California in recent years.

In an address made by radio to the staff of all branches of the bank throughout California, Giannini declared: "We, as an organization for public service, do not want any feeling of newness or strangeness to cling too long to the new citizens who have joined to help us all in our ambition to make this a greater state."

Pointing out that the same war conditions which interfered with normal ways of getting acquainted with the newcomers had brought the state the greatest mass migration in all history, Giannini said: "California is new to them in many ways. Our climate, many of our living customs, many of our ways of doing business, are different from what they have been accustomed to."

After asking the entire staff of 14,000 Bankamericans to organize at once their active roles in the campaign, Giannini urged all Californians, whether new or established, to respond. "Let's get better acquainted," he invited, "so that we may be partners in the building of an even greater California."

Monterey County Game

Hunters have bagged a considerable number of good bucks recently in the low altitudes of Monterey county, according to the National Automobile Club. Doves are fairly plentiful near Marina and ducks are showing well on the Salinas River near Blanco.

Return From Honeymoon Spent In Healdsburg

Mr. and Mrs. Jerry Galindo, Mrs. being the former Barbara Gregor, are now residing in Daly City, following a double ring Reno wedding on Friday, August 29. The couple honeymooned at Healdsburg.

For the ceremony Barbara wore a black print dress and white feathered hat.

Mr. and Mrs. George Perada jr. stood with the couple as matron of honor and best man.

Barbara is the daughter of Mr. and Mrs. Joseph Gregor, 244 Acton street. Jerry is the son of Mr. and Mrs. Jerry Galindo, 173 Hillcrest drive.

A week previous to their marriage Barbara was honoree at a surprise lingerie shower given by Miss Doris Vernengo at the Vernengo residence, 398 Bellevue avenue. The affair was held on Wednesday evening, August 20.

Delicious refreshments of hors d'oeuvres, open-faced sandwiches, stuffed eggs and celery, coffee and cake were served. The table was centered with a lovely cream cake surrounded with floating gardenias. The cake was topped with a bird holding a wedding ring.

Guests served were Mesdames Barbara Bodmer, Aurelia Vernengo, M. Galindo, Mary Gregor, Helen Sherwood, Virginia Freeman, Lois Capps, Misses Nadine McDonnell, Corrine Cuneo, Kathleen Day, Esther Galindo, Doris Vernengo, Marilyn Mosman, and Barbara Gregor.

Trout Fishing

Trout fishing continues fair in the higher streams and lakes of Inyo county, states the National Automobile Club. Anglers have taken some fine catches of golden trout in the Cottonwood Lakes region.

Here Are Easy Ways to Make School Lunch Menus Appetizing

REPORT cards and lunch menus are often closely related and you may be able to build up your child's scholastic standing by packing nourishing and appetizing meals for him to take to school.

Meat, cheese and eggs for sandwich fillings, milk or cocoa in a vacuum bottle, fruit and a simple cake or cookie make a high nutrition basic menu that can be varied enough to avoid monotony.

Cookies take only a few minutes to make if you use magically failure-proof recipes calling for sweetened condensed milk, a creamy smooth blend of fresh, whole milk and sugar. These crunchy cookies require neither eggs, shortening, sugar, or flour, and they are so easy to make that the children themselves can accomplish them.

Vary the kind of bread used in sandwiches, and sometimes use very small rolls, split, and put together with the filling. Wrap fruit, sandwiches and cookies separately, and remember to tuck a paper cup for milk in the box. If milk is obtainable at school, then you can occasionally use the vacuum bottle for soup.

Magic Six-Way Cookies

1½ cups (15 oz. can) sweetened condensed milk
½ cup peanut butter

Any one of the 6 ingredients listed below:

- (1) 2 cups raisins
- (2) 2 cups corn flakes
- (3) 2 cups bran flakes
- (4) 1 cup chopped nut meats
- (5) 2 cups chopped dates
- (6) 3 cups coconut

Mix sweetened condensed milk, peanut butter, and any one of the 6 ingredients listed above. Drop by spoonfuls on greased baking sheet. Bake in moderately hot oven (375° F.) 15 minutes or until brown. Remove from pan at once. Makes about 30.

Magic Molasses Brownies

1½ cups (15 oz. can) sweetened condensed milk
¼ cup molasses
2 cups graham cracker crumbs
1 cup chopped nut meats

Mix sweetened condensed milk and molasses in heavy pan and cook over low heat 5 minutes or until mixture thickens, stirring constantly. Remove from heat. Add graham cracker crumbs and chopped nut meats, blending thoroughly. Spread mixture in pan (8 by 12 inches) lined with waxed paper. Bake in moderate oven (350° F.) 15 minutes or until brown. Turn from pan and remove paper at once. Cut in 2-inch squares. Makes about 24.

WHERE TO GO --- WHAT TO SEE --- WHAT TO DO

Fall fairs continue to offer excellent goals for week-end travelers, according to the Travel and Recreation Department of the California State Chamber of Commerce. Whether you're a native son (daughter), or a newly-adopted member of the family, you'll enjoy a county fair this year. Facilities are improved, in some cases they're even better than in pre-war years, and the following list of events for the week end of September 19-21 may well give rise to the question of which one to choose.

The Sierra Range deer hunting season which opened on September 16 carries a one-buck bag limit in most areas, closes October 15.

Wherever you go, whatever you do on this mid-September week end, don't be careless with fire—make the slogan "Keep California Green and Golden" your own mental fire warden.

Glenn County Fair, **Orland**, September 17-20

"Peach Bowl Festival" (13th Agric. Dist.), **Yuba City**, September 19-21

Marin Art and Garden Show, **Ross**, September 18-21

Mounted Sheriff's Posse Rodeo, Posse Corral, **Fairfax**, September 21

Contra Costa County Fair, **Antioch**, September 19-21

Folk Dance Festival, Civic Auditorium, **San Francisco**, September 21

Santa Clara County Fair, **San Jose**, September 15-21

San Benito County Saddle Horse Show and Rodeo, Bolado Park (so. of Hollister), September 19-21

Del Monte Kennel Club Dog Show, **Carmel**, September 21

Tulare-Kings County Fair, **Tulare**, September 16-21

Sixth Los Angeles National Fall Horse Show, Horse Palace, **Los Angeles**, September 16-21

Third Annual Pasadena Art Fair, **Pasadena**, September 19-20

San Fernando Valley Fair, **San Fernando City Park**, September 19-21

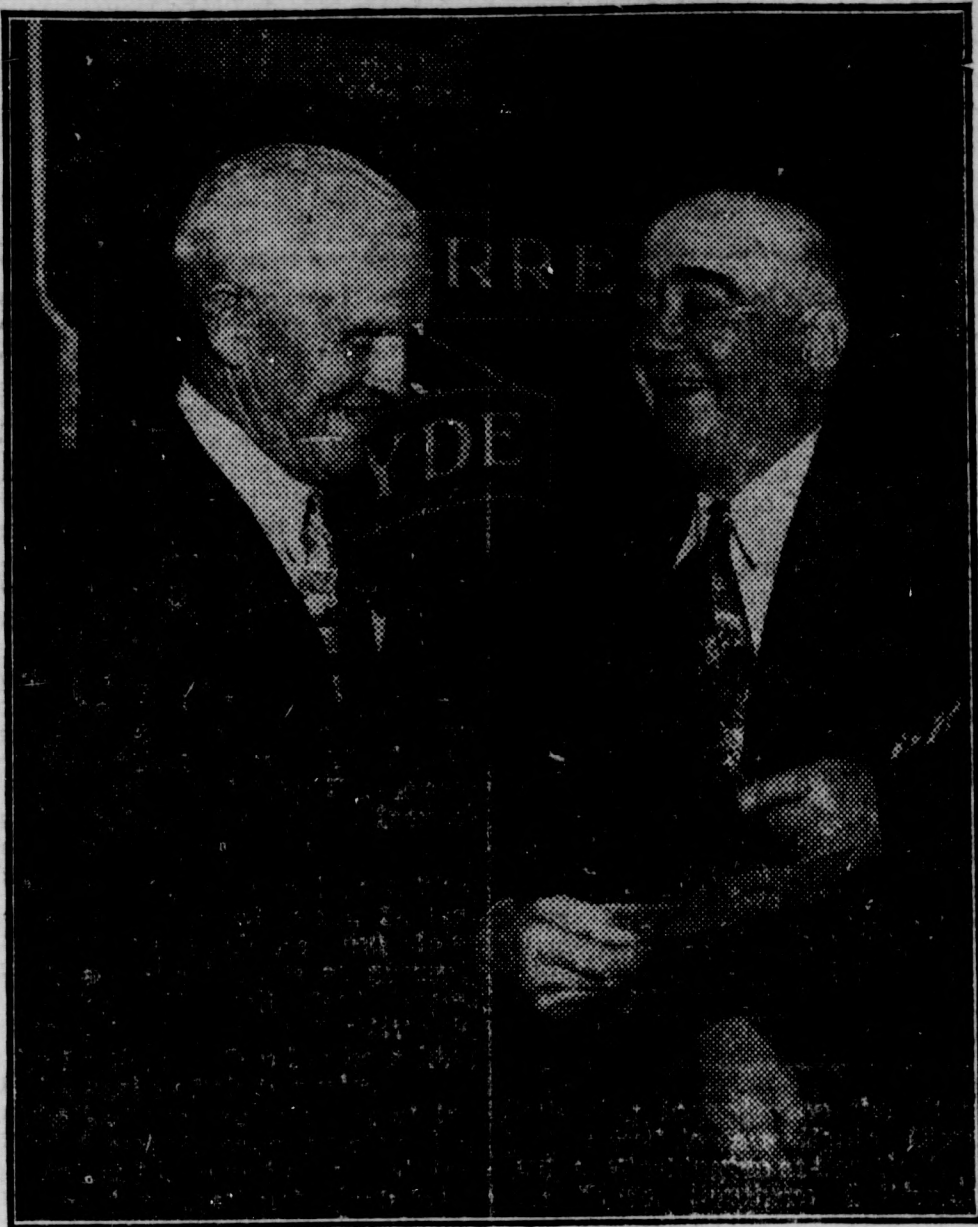

Square Dance Round Up, State Bldg., Balboa Park, **San Diego**, September 20, 8 p. m.

ORLAND: Glenn County Fair, September 17-20. "Bigger and better than ever" is the Glenn County Fair Board's description of its 1947 fair. Blue ribbon cattle show, horse show on Thursday and Saturday nights, harness races, daily horse races, livestock, poultry, industrial and other exhibits, fine arts and photography exhibits, 4H and FFA events, star-studded stage show, carnival and midway. Parades Wednesday and Friday mornings at 10. Sheep Dog trials Wednesday afternoon.

YUBA CITY: "Peach Bowl Festival," 13th District Agricultural Fair, September 19-21. The "Peach Bowl of the World," Yuba and Sutter counties, promises this year's bi-county festival will top all previous fairs in the area. Looking toward California's coming Centennials, the theme this year will be the "Gingham Girl," described as a modern version of the pioneer woman, with local lasses wearing gingham gowns and sun-bonnets. Exhibits in livestock, agriculture, poultry, floriculture, etc., plus bee and honey, mineral and mining products and many more. Full three-day schedule of entertainment includes a gymkhana and riding circus by juniors, husband calling and sack sewing contests, professional acts, a formal horse show (Saturday, September 20, 7:30 p. m.) and a parade of champions on Sunday morning at 11:15.

ROSS: Marin Art and Garden Show. At Marin Art and Garden Center, September 18-21. This year's show will be centered around a mammoth mural by Jose Moya del Pine, depicting a panorama of Mexican life. Mural will be exhibited before a 40-foot reproduction of the famed Xochimilco floating gardens. Features of the show will be floral exhibits, planned gardens, fine arts and "art-in-action," and a sculpture show. The sculpture show will be presented in a unique manner with landscape architects and sculptors collaborating in planning separate garden settings for each piece of sculpture exhibited. "Art-in-action" will be demonstrated in seven arts and crafts studios. Processing from raw materials to finished products may be observed from 10 a. m. to 10 p. m. daily as artists and craftsmen in pottery, ceramics, leather, sculpture, jewelry and other lines demonstrate their skills. Marin Society of Artists and Marin Camera Club annual showings. Entertainment by folk dancers, Spanish dancers, and wan-

CABLE CAR CRAFTSMAN RETIRES

Some fifty odd years ago, Pat Oliva was sure the San Francisco cable cars were here to stay. He thinks the same today.

Pat Oliva can take a lot of credit for keeping the cable cars rolling the past fifty years. He's not a president, engineer or operating department executive, just a specialist on splicing wire rope retiring from Columbia Steel Company after fifty-one years, four months of service.

The steel company, which sells the cable, detailed Pat to standby to see that the wire rope held up. Whenever there was a break on the line—be it the old Fillmore Street Hill or that thirty thousand feet of rope pulling ancient cars along Fulton Street—it was up to Pat and his boys to splice it.

Pat, who plans to settle down with his memories and family in San Francisco, topped-off his retirement day—yesterday—by taking J. Lester Perry (left in photo), President of Columbia Steel Company, through the California Street Cable Car barn at Hyde and California Streets, to show his boss how those fantastic little cars roll on day-by-day because of a strand of steel wire rope.

dering troubadors. Dinners served daily from noon to 8:30 p. m. Show open 10-10.

FAIRFAX: Mounted Sheriff's Posse of Marin County 4th Annual Rodeo, September 21, 1 p. m. at the posse corral, 1½ miles north of Fairfax. Grand entry parade of Sheriff's Posses and horsemen's groups followed by full-scale rodeo events. Saddle bronc riding, calf roping, stake race, Brahma Bull riding, cutting horse contest, bareback bronc riding, bulldogging. Parking and picnic facilities available.

ANTIOCH: Contra Costa County Fair, September 19-21. Eighth annual fair presented by the 23rd District Agricultural Association. Friday is Ladies Day, featuring a cake baking contest — prize for which will be a kitchen range. Following award the cakes will be served to all ladies present. Saturday is Farmers Day with a free barbecue at noon and a horse shoe pitching contest at 2 p. m. and demonstrations of farm equipment. Sunday's feature will be a grand parade at 1 p. m. with floats, mounted groups and drill teams. Drum and bugle corps competition and a children's horse show Sunday afternoon. A horse show each night at 7:30 p. m. and exhibits in all departments from livestock to flowers and gardens are also scheduled.

SAN JOSE: Santa Clara County Fair. At county fair grounds 2½ miles south of San Jose on U. S. Highway 101. September 15-21. "Everything for everyone" is the theme of this year's million dollar Santa Clara fair. Thousands of exhibits of the products and features of the county and free entertainment for the whole family, all day and night, promise fair visitors a fine time. Dancing on the new pavilion, fireworks nightly at 10:30, grandstand shows every afternoon and evening, carnival gayways, diaper derbies, freckle face contests, prune pie eating, a real purple cow, a five-legged cow, Horse and Rodeo Show with special presentation by Victor McLaglen's Light Horse Troop, Junior Horse Show, art exhibit — these are just some of the big features. Of special interest to fair-goers are the two trains which will run from the main gate to various points on the 167-acre grounds carrying weary patrons. So-o-o even if you've never seen a purple cow and never hope to see one, you'll want to see the Santa Clara County Fair!

HOLLISTER: San Benito County Saddle Horse Show and Rodeo. At Bolado Park, eight miles south of Hollister, September 19-21. Eight arena and 20 track events on each of three days. A saddle horse parade, with all contestants parti-

Cradle Shower Is Given For Mrs. V. Raugi

Mrs. Libera Farmar and Mrs. Annie Bandettini were hostesses at a surprise cradle shower for Mrs. Victorine Raugi, of Menlo Park, on Friday evening, September 5. Mrs. Raugi is the former Victorine Boetto of Colma.

The shower was held in the home of Mrs. Farmar at 149 Templeton avenue.

The buffet refreshment table was centered with a crib and stork holding a baby doll. Asters completed the decorations.

Those present were Mesdames G. Raugi, Kay Raugi, Phyllis Fendale, E. Carboni, J. Souza, Eva Bertolozzi, A. Pagni, E. Barlettani, Eva Ludwig, Kitty McKenna, Jean Zoffferono, Fred Rodriguez, Leslie Hill, L. Fazendin, J. Filippo, E. Smith, L. Boetto, Al Bandettini, Richard Bandettini, Ralph Bandettini.

The following week on the morning of September 11 a 5 pound boy named Gregory John was born to Mr. and Mrs. Peter Raugi at the Palo Alto hospital.

Maternal grandparent is Mrs. L. Boetto of Menlo Park. Paternal grandparents are Mr. and Mrs. G. Raugi of South San Francisco.

Salmon Fishing Improves

Salmon fishing in Humboldt Bay, Humboldt county, has improved recently, according to the National Automobile Club. Many large Chinooks were taken last week.

Doves In Imperial Valley

Many doves are now in the Imperial Valley, Imperial county, reports the National Automobile Club. The largest number are gathered in the Holtville area.

icipating, opens show daily at 1:30 p. m. Light horse division will feature four classes of registered animals and six classes of grade animals (those sired by registered stallions). Premiums for light horse division total \$6,437.50—prize money for saddle horse show and rodeo will total \$2,882. Participation in show limited to residents of San Benito county, making it unique among shows of this type in California.

LOS ANGELES: Los Angeles National Fall Horse Show. Horse Palace, September 16-21. Nightly at 8 p. m., matinee performances Saturday and Sunday, closing performance Sunday night, September 21. Special Children's Horse Show afternoons of September 20 and 21. \$10,000 in prize money and engraved trophies. Elaborate programs, keen competition, and the expected participation of the finest collection of show horses on the Pacific Coast promise one of the most spectacular horse shows ever presented in California.

PASADENA: Third Annual Pasadena Art Fair, September 19-20. To be held outdoors in front of Pasadena City Hall and feature works of San Gabriel Valley artists.

Newlyweds Now Honeymooning In Washington State

Now honeymooning in Washington state are Mr. and Mrs. James Torrigino whose marriage took place on Saturday evening, September 6. The single ring ceremony was performed by Father James McElligott at the altar of Holy Angels church at 5 o'clock.

The bride is the former Eleanor Conserva, daughter of Mr. and Mrs. Attilio Conserva, C street, Colma. For her ensemble she wore a white suit and for accessories, a white feathered hat and a bouquet of an orchid, bouvardia and satia streamers.

Maid of honor duties were performed by Louise Torrigino who wore a pale green suit with pink accessories. Mario Torrigino stood with the bridegroom as best man. The bridegroom is the son of Mr. and Mrs. Eugene Torrigino, of San Francisco.

The reception followed the ceremony at the Liberty hall, Colma, where 200 guests witnessed the couple cut their 4-tiered wedding cake. Guests danced to music by Johnny Dell's orchestra.

The couple will make their home in San Francisco.

Cub Den No. 16 Elect Officers

Cub Den 16, B.S.A., met at the home of Mrs. R. W. Christie, 130 East Vista avenue, Friday afternoon, with Dick Hopman, David Ward, Carl White, Bert White, Jerry Wacks, Dick Hiatt, Bill Christie, and Don Williams present. The boys made plans for the fall season and elected new officers.

Jerry Wacks is chief denner; Dick Hiatt, assistant denner; Bill Christie, bucksin, and Don Williams, treasurer. The next meeting will be held on Friday afternoon, September 19, at 130 E. Vista avenue.

- 8:15 p. m.—
Regular meeting, Colma Vista Grande Aerie No. 1848, FOE, 3346 San Jose avenue.

FIRE FIGHTERS FACTS

How Safe Is Your Home?

Here is the second installment of the check list provided by the Daly City Fire Department to insure you of a safe home, a home safe from the menace of fire.

7. Use electric candles to avoid hazard of open candle, lights near combustible decorations at parties.

8. Be sure electric circuits can carry toasters and other appliances safely, and be sure those appliances have Underwriters Laboratories, Inc. label when you buy them.

9. Consult an electrician when you want to extend or alter existing circuits.

10. Don't leave electric iron with current on. Use automatic cut-off type if possible. Put it in a safe place to cool.

11. Snuff matches carefully. Don't throw them into waste baskets, garbage pails, or wood boxes.

12. Don't use or keep inflammable cleaning fluids in kitchen, or anywhere in the house.

Eliminate All Fire Hazards In Your Home Today

Do You Know What To Do If Fire Does Strike Your Home?

The National Board of Fire Underwriters endorses this advice of Fire Chiefs and Fire Fighters to everyone:

Learn NOW how to turn in an alarm that will summon your fire department quickly.

Find nearest fire alarm box NOW and read its instructions. In case of fire, stay at box and direct firemen when they arrive.

Learn telephone number of your fire department, which is JUNiper 5-4212. Write it down near your telephone for emergency use. If you don't have the number handy tell the operator: "I want to report a fire in DALY CITY," and give address distinctly.

Please give your Fire Department a chance early. A tiny blaze, uncontrolled, can and will become a conflagration. It's the first few minutes that keep little fires little.

1600 Years for One Day

It is said that more matches are sold in the United States than in all

the rest of the world. More than 850,000,000 matches are used in the United States each day. You can hardly imagine such a figure. If a factory made just one match every minute, night and day, it would take more than sixteen hundred years for it to produce as many matches as this country uses in a single day.

Or — to put it another way — Nearly six hundred thousand flames are struck every minute on an average. There is not one of these flames that would not develop into a destructive fire if it had the chance. Consequently, every match must be treated as a possible source of great damage. It has within it the power to rob you of your home, your loved ones, even your life.

With the exception of fires from lightning, spontaneous combustion, and a few other causes, all fires can be traced in some way back to matches. If sparks from a chimney set fire to a roof, for example, the fire in the stove from which the sparks came was undoubtedly lighted with a match. But when we speak of the danger of matches, we do not mean indirect danger such as this. Many lives and millions of dollars in property are lost every year because of carelessness in the direct use of matches. In the last decade the leading insurance companies of the United States report a loss of some \$175,000,000 directly traced to this cause, including the great damage caused by the careless smokers.

Another Child Caught Turning in False Alarm

On the afternoon of September 9 at 2:45 p. m. box 617 in the southern part of Daly City was pulled. Companies 1, 2, and 6 responded, company 4 stood by. When the fire department arrived at the box they found it to be just another false alarm. And believe it or not it was pulled by a 6-year-old boy, who just wanted to see the fire engines.

The parents and child were questioned by Fire Chief Kennedy and Police Chief Sunderland. The par-

NEWS NOTES FROM SAN MATEO JUNIOR COLLEGE

With registration work still going on briskly, San Mateo Junior College had surpassed last year's opening mark by 300 students in the first three days of this semester. Already 900 of the total students enrolled are attending classes on the new campus at Coyote Point, the former Merchant Marine school. Students are delighted with the new campus which has provided many facilities the other two campuses of the college lacked.

One hundred and eight men reported for football when Coaches Murius McFadden and Lee Bissett issued the call for practice. The athletic field at the Point will be the training ground of the 1947 varsity and also for a B squad which will play the reserve teams of a number of Bay area junior colleges and San Francisco State.

This week the college students are exerting themselves to entertain the new students. This Thursday, the Men's Club, headed by John Spears of Millbrae, held a smoker for the college male students, and the Associated Women Students, led by Betsey Ripley from Burlingame, arranged a tea for the new women students. This Friday evening the students will have their first dance at Coyote Point. The dance honors all new students. Bill Wehner of Millbrae and Ed Fey of Burlingame are heads of the socials committee in charge of the dance.

ents were assessed \$15 to help defray the expense. This call was estimated to cost \$39.75.

It is just too bad that an adult who pulls an alarm box isn't caught because the city, state, and federal laws can and will deal with them. There is an excuse for a child to pull a false alarm but for an adult there is no excuse. We dare say that from 33 to 50 per cent of our fire calls are false.

School Bond Election September 26
We Urge You To Vote "YES"
Give your children and our children a safe and uncrowded school.

85 MILLION DOLLARS WORTH of New Sierra Powerhouses!

HARD and heavy work is underway today along the upper reaches of the Feather, Mokelumne and Yuba Rivers. P. G. and E., at a cost of \$85,000,000 is building five new hydroelectric powerhouses to add 464,000 horsepower to the power supply of Northern and Central California. Road, foundation and tunneling crews are now rushing work to beat the rains and snows of winter.

Here are the new plants, their cost and capacity:

ROCK CREEK—North fork of the Feather River, to cost \$35,400,000, will deliver 169,000 horsepower.

CRESTA—North fork of the Feather River, to cost \$26,400,000, will deliver 101,000 horsepower.

COLGATE—on the Yuba River, to cost \$3,325,000, will deliver 40,000 horsepower.

ELECTRA—on the Mokelumne River, to cost \$15,600,000, will deliver 133,000 horsepower.

WEST POINT—on the Mokelumne River, to cost \$4,000,000, will deliver 21,000 horsepower.

These new hydroelectric plants are part of the greatest construction program in the history of the P. G. and E.—a \$350 million expansion plan that will add 1,000,000 electric horsepower to the company's system by 1951.

P. G. and E.

NINE

TWO CONCERTS ARE SLATED BY VATICAN CHOIR

The Vatican Choir, which will give two concerts in San Francisco's Civic Auditorium on the evenings of September 23 and 24, is offering an unusual program of modern choral numbers in addition to the age-old sacred music of all churches for which it is noted.

The choir's director, Rt. Rev. Msgr. Licinio Refice, in honor of their first American tour, has made a special arrangement of "The Star Spangled Banner," with which they will open their local programs. Reviewers and critics who have heard the chorus' rendition of our national anthem have said that it is one of the most moving and beautiful renditions of the number ever heard.

The choir, made up of 60 selected

voices, will also perform a special number which Msgr. Refice composed and which he has dedicated to President Truman and the American people. Another of the numbers which is causing much interest on their American tour is Refice's "Eulogy to the Dead of World War II." This piece was composed in Rome after our liberating armies drove out the occupying German forces in the closing stages of the war.

Msgr. Refice, one of the world's foremost composer-conductors of sacred music, composed and conducted the mass at the occasion of raising the American Mother

Inyo County Game

Large numbers of doves are now in Big Pine and Aberdeen areas of Inyo county, reports the National Automobile Club. Sage hens are abundant throughout most of this county.

Cabrini to the sainthood.

The singing group, marking the first time a choir has ever left the confines of Vatican City, is making this tour in the interests of harmony and good will among nations and peoples. They are singing sacred music of the Jewish, Protestant and Catholic faiths.

Keep The Oil Light

"Be sure to keep the oil light during the breaking-in period of the new 'car,'" advises L. G. Evans, general service manager of National Automobile Club. "There probably will be a need for adding to the supply during the interval when the car is new. Engine temperatures run higher at such times and some oil will likely be lost. But don't be tempted to change

Fishing Improves At Lake Arrowhead

Fishing has improved recently at Lake Arrowhead, San Bernardino county, according to the National Automobile Club. Several fair catches have been made by trollers using Davis spinners.

grades in the interest of economy. It is wrong."

COLONEL THOMAS EDWARD LAWRENCE

★ 1888-1935 ★

A fabulous character known as "Lawrence of Arabia". To him has been accorded the major responsibility for Allied success in the Near East during the first World War, in which he led the Arab revolt against the Turks, thus heaping fame and glory upon himself for his inspiring leadership.

Fame and leadership. The kind of service we give our customers has caused them to tell others about us, with the result that, just like the proverbial snowball, our fame has spread until today we are considered the leader for building materials of all kinds. Come in today and you'll see why!

Paper Rugs
One of the possibilities of the future is the use of paper rugs. The secret, of course, is a flexible plastic. Gay colors, durability, water-proofness, stay-putness, and ease of cleaning are mentioned as other advantages. The material may have other uses, including coverings for furniture.

San Francisco Elks To Hold Informal Stag Dinner Party

A mid-September entertainment will feature the regular business meeting of San Francisco lodge of the Benevolent and Protective Order of Elks, Friday evening, September 19, at the Elks' Club, 456 Post street. An informal stag dinner party in the Elks' dining room will precede the business session, and a buffet supper party in the lodge clubrooms will conclude the evening's fraternal festivities. Exalted Ruler George Baader will preside.

An appeal is made to Elks and their families and friends to send discarded or surplus musical instruments to Secretary Arthur J. Mangin, B.P.O.E., 456 Post street, for a band being organized at the Molokai leper colony in the mid-Pacific. U. S. Navy officers have requested the Elks to provide band and musical instruments to enable the inmates at the Molokai leper community to form a capable band and orchestra. Prompt response is urged, to assure arrival of the instruments at Molokai before Thanksgiving and Christmas holidays.

The next golf tourney of the San Francisco Elks will take place Friday afternoon, September 19, at the Lake Merced golf and country club.

Salmon Trolling

Trolling for salmon continues fair off the shore of Marin county in District 10, reports the National Automobile Club.

WILL DISCUSS MYSTERY HOUSE

"Untold Tales of the Winchester Mystery House" will be the topic of discussion at the free evening Adult Forum in the Jefferson school auditorium, 19th avenue and Irving street, on Thursday, September 18, at 7:30 p. m.

Berkeley J. Gilson, who directs the staff of guides in this strange and weird 160-room monstrosity, near San Jose, will show films and relics as well as reveal many unusual stories about Sarah Winchester, widow of the millionaire rifle-maker, who spent \$5,000,000 adding rooms to the original nine-room house in the thirty-six years of her tenancy since 1886.

A discussion period follows the lecture which is free to the public and is sponsored by the Board of Education. For the benefit of the overflow crowd expected at this lecture, Joseph J. Pape, forum

YOU DON'T KNOW COSMETICS UNTIL...

You've tried Lenthéric's exciting new *Crème Satinée*—newest-come to the famous "Soft-Focus" cosmetic group. First of its kind... original in its formula... unusual in its use... remarkable in its effect!

A fast and efficient make-up remover. Hands, as well as face and throat, benefit from its treatment. Try a tub with this cream soothing the "rough spots," and you'll emerge feeling a "new woman."

Disabled Vets Seek Action On Housing Needs

Recommendations for alleviation of the housing shortage and crisis quickly, with suggestions and advice to the U. S. federal government, builders and contractors associations, and labor and building trades council, will be acted on Thursday evening, September 18, by officers and members of San Francisco chapter, Disabled American Veterans. Commander John Reeves of the local D.A.V. chapter, will preside.

"It is high time to place the finger of blame on some groups for the shameful shortage of low-priced housing, both to rent or lease, and to buy," declared State Commander John W. Shannon, asserting the Disabled Veterans' association has tired of procrastination and broken promises by the building and real estate associations, and that concrete definite steps must be taken at once to salvage family life, the American traditions of the home, belief in churches and the civilized way of life, and a debt of honor due the returned war veterans and their families. The September 18 meeting will be held in the Veterans Memorial building.

leader, states that this program will be repeated at 7:30 p. m. on Friday, September 26, in the Marina Junior High school, Fillmore and Chestnut streets.

Dressmaking And Millinery Classes Offered Adults

Mrs. Henrietta Widmer announces that dressmaking and millinery classes will be given in the following schools, beginning September 15.

James Denman Jr. High (Oneda and Delano avenue, K car) will have dressmaking classes on Monday, Tuesday and Wednesday from 10:30 a. m. to 12:30 p. m. in room 107.

Fairmont school (30th and Randall streets, F or 14 car) will have dressmaking classes Friday 10 to 12 a. m., Thursday and Friday 1 to 3 p. m., in room 4. Millinery class will be held Thursday, 10 to 12 p. m., in room 4.

These adult classes are offered free by the San Francisco School department.

Federal Employees Assn. Will Fete National President

James B. Burns, national president of the U. S. Federation of federal employees, with headquarters at Washington, D. C., will be feted here Tuesday evening, October 7, by members of the San Francisco Bay Area chapter of the association, in a meeting and informal reception in Druids' hall, 44 Page street, near Market. William Sheehan, president of the local chapter, will preside.

Burns, former San Francisco executive of the U. S. Veterans' Board, will discuss legislative matters and outline nation-wide policies of the federation. He is also to be a guest speaker at the American Federation of Labor national convention in San Francisco that week.

B.F. Goodrich Tires

Now at LESS than PREWAR PRICES!

Better come a'running at fire engine speed because every mile you're not on B.F. Goodrich Silvertowns you're the loser. People say we're prejudiced when we tell them the new Silvertown is the king pin of the highway; that is, they do until they find their car rolls thousands of miles farther than on any tire they ever used. They are flabbergasted when we tell them Silvertowns are sold at less than prewar prices.

OUTWEAR PREWAR TIRES!

There's a secret to the Silvertown's superior performance... it's the wider, huskier "road level" tread. Better stopping! Less wear! More mileage! Lower cost per mile! Put your car on B.F. Goodrich Silvertowns.

Every B.F. Goodrich Tire Carries This **LIFETIME GUARANTEE**
"Every tire or tube of our manufacture bearing our name and serial number is guaranteed to be free from defects in workmanship and material without limit as to time or mileage."

Stanford Indians Plunge Into Second Week Of Practice

Coach Marchie Schwartz has found no new problems as his Stanford football squad plunges deep into its second week of practice. He doesn't need new ones for Marchie has enough old worries.

Chief problems at the moment are to almost completely rebuild the Indian line, and find a replacement for fullback Lloyd Marriman who has signed a professional baseball contract. The redskins lost fourteen lettermen, including six of the seven regulars, from the line, leaving only center Dick Flatland.

Six men are slated to battle it out for Merriman's spot at full, including lettermen Marty Anderson and Don Zappettini; and newcomers Jim Nafziger, Jack Barnes, Chuck Coker, and Marlin Woodward. Nafziger is a transfer from Santa Ana Junior College, Barnes is up from the "B" squad, Coker is from Modesto Junior College, and Woodward, just out of the service, from Gettysburg College, Gettysburg, Pennsylvania. There is every indication that all of these boys will see plenty of action before the season is over.

In addition to Flatland, the only man in the line who appears to have his spot just about "sewed up" is right tackle Atherton Phleger, letterman sub from 1946. Ted Burke looks to be pretty well set at right end but the other positions are wide open. In the backfield, Bob Anderson, the great running left halfback, will assume the burden of the ball carrying and has the

backing of Wayne Erickson, Buck Brownson (shifted from quarter), Dave Field, Fred Parsons, and Al Turriziani.

Ainslie Bell is favored to hold out at quarterback but not without a battle from Al Morris, the long passer, Aubrey Devine, Mike Dufkett, and Don Campbell. George Quist and Mickey give the Indians a powerful pair at the right halfback position.

Gene Martin, madeover fullback, has the call at left end but Mel Kendall, Dan Mervin, and Bob Ghilotti are pressing him. Behind Burke on the right flank is another former fullback, Jack Crahan; Doug Murray and Fred Loomis. Phleger is backed at right tackle by Sid Smith, Harry Ferris, and Buddy Scott. Al Rau, 1946 letterman leads the left tackles, but not by much, with Whit Budge, Harry Davison and Rye Kelley very much in the picture. Davison, who played on the informal 1945 team, is a real comer and may fill in at either guard or tackle. Flatland's competition at center will come from letterman Pete August, Vic Conde, James Burke, and John Rosekrans, the latter three being very inexperienced.

Another battle royal is taking place at the guard spots. Letterman Marty Feldman and John Clark are the leaders at present, with Ted Liljenwall, Paul Stremic, Bob Phelps, Jack McKittrick, John Leslie, and Don Fix breathing on the backs of their necks.

The Indians are working at top speed for their opener September 27 against Idaho and for the all important intersectional clash with Michigan at Ann Arbor October 4.

John Longden Leads Riders At Albany Track

Laminative Johnny Longden, riding in his best form, took out after Steve Brooks, the nation's leading saddlesmith, with a vengeance last week, making 10 trips to the winning circle during the first five days of the Golden Gate Fields inaugural meeting. Longden, in second place and pressing Brooks for the lead, has now ridden 188 winners this year. He accepted 31 mounts during the first week at Golden Gate, and, in addition to his 10 winners, rode 9 seconds and 4 thirds for an amazing win percentage of 32.3 and in the money figure of 74.2.

The jockey race during the first five days at Golden Gate boiled down to scorching competition between Longden, Jimmy Nichols and Ralph Neves. Jimmy finished out the week with eight winners, a second and two thirds in 28 mounts to press Longden, while Neves with 29 mounts, won with six, and finished second and third seven times.

Following in order on the Stanford schedule are Santa Clara, UCLA, Washington at Seattle, Oregon State, Southern California, Oregon, and California.

Large Stripers Landed

Some striped bass weighing up to 40 pounds were taken last week from the Russian River near Healdsburg, Sonoma county, reports the National Automobile Club. Black bass fishing in this area has been slow recently.

Sierra County Trout

Trout anglers are still having excellent sport in some of the higher mountain lakes of Sierra county, according to the National Automobile Club. Fishing is fair along the Truckee River in this game area.

Increase Penalty For Drunk Driving

Penalties for drunken driving and for negligent driving were made more severe by the 1947 session of the State legislature in response to public demand for increased safety on the highways. The law now requires that the license of any person convicted of drunken driving shall be suspended for 90 days for the first offense, instead of 30 days as previously provided. For a second or subsequent offense, the period of license suspension is set at one year, instead of 90 days, as previously. The license of any person convicted of drunken driving will be taken up by the court and forwarded to the Department of Motor Vehicles for immediate action.

Other amendments to the Vehicle Code authorize the Department of Motor Vehicles to refuse issuance of a license to a negligent driver, who is defined as an habitual violator of the traffic laws, or to a driver who is deemed incompetent to operate a motor vehicle. The penalty for conviction of driving when the operator's license has been revoked was increased to imprisonment in the county jail for not more than one year, or by a fine of \$1,000, or both.

World's Automotive Vehicles

With less than seven per cent of the world's population, the United States has 81 per cent of the world's passenger automobiles and 57 per cent of all trucks, states National Automobile Club.
